Ever Active Schools is pleased to announce a new concept for the 2011 edition of the Happily Ever Active Calendar! As well as being a healthy fundraiser choice for Alberta schools, this edition will feature artwork from K-12 students across the province.

In order to obtain the artwork, we are holding a contest open to students at all Alberta schools. We will choose three pieces of artwork from each of the four divisions (K-3, 4-6, 7-9 & 10-12) to make up the twelve months. We will also feature two of the submissions as the front and back covers of the calendar. **We ask that each student choose the season they would like to represent and submit their artwork for that season.** The artwork will be assigned to a specific month after the selection process has been complete. Each student who submits an entry that is featured in the calendar will receive an acknowledgement in the calendar as well as a gift for their school. We will use the student's first name, the school they attend and their grade level.

The following guidelines will ensure that the artwork you submit can be considered for actual use in the calendar. Please note that all submissions must have a completed and signed release form attached.

ARTWORK GUIDELINES:

- Artwork is to be drawn horizontally on 8^{1/2}" X 11" white paper
- The more intense the color, the better the reproduction, so use felt pens or paint.
- Only original artwork will be accepted. Computer generated drawings will not be accepted.
- All submissions should be addressed to Ever Active Schools, 3rd Floor Percy Page Centre, 11759 Groat Road, Edmonton, Alberta T5M 3K6.
- **Artwork must not be folded.**
- **Entry deadline is March 15, 2010.**

SELECTION CRITERIA:

The Ever Active Staff will use the criteria below when choosing the artwork therefore your submission should include the following:

- Albertans leading healthy active lifestyles
- Clear display of one of the four seasons
- Bright and colourful original artwork (no computer generated submissions)
- Creativity and originality

Any further questions regarding this project may be directed to our office Monday to Fridays from 9:00 AM to 3:00 PM.
