

## **Healthy Eating Pays Off!**

### **Win \$1000 for Your School's Creative Nutrition Initiative**

For the sixth year, Alberta Milk has partnered with Breakfast for Learning and Dietitians of Canada to host the 2010-11 Nutrition Innovation Awards. This year, Ever Active Schools is welcomed as another partner to help promote healthy lifestyles in schools.

The Awards are dedicated to providing nutrition education and promoting healthy eating behaviours by offering five schools in Alberta \$1000 for their creative nutrition initiatives. Schools from kindergarten to Grade 12 are eligible to apply.

This year, the website has been enhanced to provide tips for developing a strong award application and links to resources to promote nutrition in schools.

The 2010-11 application is currently online [here](#).

Applications are due March 14, 2011 and winners will be announced by May 9, 2011.
